

Please remember our state legislatures who supported us when it comes time to vote.

Marty and I have been attending this type of legislation for about 8 years now and the more State Senators and State Delegates that we meet, the more we can appreciate what they do for us as citizens of Maryland.

These men and women must try to remain approachable, open minded conscientious decision makers all the while being inundated with a ridiculous number of frivolous legislative bills being presented to them in a very short time frame. They have limited time to digest what is presented and to make a sound decision. In this case they made the right decision.

Below is the voting record and contact information, please match your delegate with your home district and perhaps send them a thank you or a note of support for their vote.

Better yet, remember them when it comes time to vote.

2011 State House Delegates – Economics Matter Committee members, their contact info., and their voting record for 2011. Just press [CTRL] and Click on their e-mail address to send them a “Thank You for your support”

Y = voted against the bill and in favor of us **N** = voted against us and in favor of the bill
